

How to complete a Resumé as part of your application for an Arts' Tie

A resumé is a summary of all your achievements. It is designed to impress upon the reader the extent of your involvement in the Arts and your willingness to contribute your time and talents to making Arts events successful. You should not underestimate the importance of taking a supporting role.

Begin with three to four lines summarising your contribution. Then list your accomplishments with explanation of the specific role you took. Starting from your most important and recent. Group these accomplishments under appropriate headings.

Resume for Andy Awwful

I have made a significant contribution to the following major arts at the College: Music, Public Speaking and Drama. My first involvement with the Arts was in Year 9 when I learned the piano. Since this time I expanded my involvement in music, taking part in the orchestra and RockQuests. I was in the finals of several speech competitions and was involved in two School Productions.

I also supported other musicians from the College by operating the mixing desk and being involved with lighting.
